Brother J. N. Barnett read the following:

REPORT ON BIBLICAL RECORDER

Your Committee beg leave to call attention to seven things about the Biblical Recorder.

In aim it endeavors to be true to its name,—that is to be thoroughly Biblical in teaching and to be a faithful recorder of the news of the Kingdom.

(2) In alignment it undertakes to be fraternally but firmly Baptistic, loyal to Baptist doctrine, devoted to Baptist agencies, stimulating to Baptist progress, expressive of Baptist life.

(3) In ownership it is distinctively Baptist property, being now owned by a few more than one hundred Baptists of North Carolina who, without any one having a majority of the stock, hold it not for financial gain, but for the good of the cause and for the glory of God.

(4) In control it is the organ of our Baptist State Convention, this body naming its editor, safeguarding its policy, utilizing its columns, and having report on it every year.

(5) In development it is essential to the highest efficiency of a North Carolina Baptist; for there can be no efficiency without interest, nor interest without intelligence, nor intelligence without information,—particularly the information about our work which is available week after week in the Biblical Recorder pages.

(6) In accomplishment it is among us the one great unifying agency: Territorially, making neighbors of widely separated

churches; organically, relating each reader to the whole of our State denominational work, doctrinally, binding us together in our views of Bible truth and duty.

(7) In outlook, after nearly four score years of usefulness the Biblical Recorder today, with larger circulation than ever before, with growing work to chronicle and to do, with widening life to present, with an enlarging prospect to beckon onward, rejoices in the hearty endorsement of our readers and fellow-workers in the Lord.

Believing in view of these things that the Recorder should have a place by every Baptist fireside in North Carolina, we invoke and urge the hearty co-operation of all our people in immediately and greatly increasing its circulation.

JASPER N. BARNETT.

Pending motion to adopt the foregoing report, the Biblical Recorder was discussed by Brethren Beech, A. C. Irvin and C. J. Woodson, after which the report was adopted.

Brother O. M. Mull read the following

REPORT ON TEMPERANCE

To the Kings Mountain Baptist Association:

Your committee on temperance rejoices that it is able to report marked progress in the procurement of necessary legislation for the enforcement of our prohibition laws, and a healthy growth of the prohibition spirit during the past year.

In September 1913 we petitioned our Legislature, which was then in session, to prohibit the shipment of liquor into Cleveland county by legislation which was made possible by the enactment of the Webb-Kenyon Bill by Congress. In doing this we were the first organization of any kind to petition out state for this very im-

portant legislation.

Our petition was ignored at that time but the last legislature gave us the law we sought, and it is now unlawful to ship whiskey into Cleveland county or Gaston county. We wish to commend our Representative, Hon. J. B. Smith, and our Senator Hon. O. Max Gardner for their faithfulness in this matter. The same Legislature made it unlawful to ship more than one quart of liquor to any person at any place within the State of North Carolina. During the past fifteen years we have been able to secure the passage of satisfactory laws covering practically every phase of the liquor question in North Carolina, until now it is not a question of additional laws, but a work of enforcing the many and satisfactory laws which we have against the liquor traffic.

The prohibition spirit is not confined to Cleveland county or

to North Carolina. We now have seventeen states which have adopted state-wide prohibition. Of this number nine are Southern States. Florida, Louisana and Texas are the only Southern States in which liquor can be sold legally, and it is only in a few towns in these states that bar-rooms are maintained. Eight states have recently adopted state-wide prohibition, and many counties and towns in other states have voted dry. More than three-fourths of the area and more than half of the people of the United States are now living under prohibition laws. We have prohibition territory in every state in the Union, and there are only eight states in which more than half of the people live in cities or counties where the sale of liquor is legally permitted.

While the United States are leading the world in prohibition yet other nations are putting forth efforts that are yielding splendid results. Russia goaded on by military necessity, rather than by civic richousness, has by imperial decree prohibited the sale of intoxicants throughout the whole kingdom. The world war that is now and has been raging the past year has emphasized the demoralizing and the devitalizing effects of the use of liquor David Lloyd George, Cabinet member of England, in a public speech declared that England was fighting three foes (1) Germany, (2) Austria and (3) Whiskey, and that the worst of these was "whiskey." The nations now at war are trying to prohibit the sale and use of whiskey because self preservation is requiring it.

We rejoice that our persistant fight for the necessary legislation for our own county and state has been won, and we pledge our members to the enforcment of the prohibition laws of our state. We realize that the schikenery of the "Blind Tigers" and the resourcefulness and clandestine methods of the violators of the prohibition laws are so great that our sheriffs and police officers can not successfully enforce our prohibition laws without the aid of our citizens, and we declare it to be the duty of every indivdual member of our Association to aid in the enforcement of our prohibition laws by every legitimate and practical means within his or her knowledge.

Respectfully submitted, O. M. MULL A. R. PUTNAM T. W. HARMON

On motion to adopt the foregoing report, Temperance was discussed by Brethren O. M. Mull and R. N. Hawkins, after which the report was adopted.

Song, "Follow All the Way."

Brother A. E. Bettis read the

REPORT ON PASTORIAL SUPPORT

Your Committee on Postorial Support beg to report, First: That we have ten churches in this Association that pay their Pastors not exceeding \$100.00, and we have eighteen churches that pay their pastors over \$100.00, but not exceeding \$200.00. These twentyeight churches have a total membership of 4563 members and pay the sum total of \$3705.00 or an average of about 81 cents each for the year or 6 3-4 cents each per month. These are all rural or country churches. We have eleven other churches, most of whom are located in the towns, with a total membership of 3528. paying their Pastors the sum total of \$6001.70 or an average of \$1.70 per member for the year or 14 1-6 cents per month. These figures taken from the minutes of 1914 suggest to your committee that there is something wrong with the system of paying our Pastors, and we would recommend. First: That the Duplex System be adopted and that every member of each church, who are able be requested to pay to the support of their Pastor. cond: We would recommend that the churches and Pastors operate with each other in forming fields, thereby enabling small churches, in fact all the churches, to have more Pastorial work which will result in better developed churches on all lines.

Respectfully submitted

A. E. BETTIS M. N. HAMRICK JAKE BLANTON

Pending motion to adopt the foregoing report, Pastorial Support was discussed by Brethren A. E. Bettis, C. J. Woodson, J. H. Quinn and B. T. Falls, after which the report was adopted.

Brother J. V. Devenney read the following.
REPORT ON SUNDAY SCHOOLS

The modern idea of the Sunday School is coming to be quite different from that of former years. Instead of its being regarded as "The nursery of the church" it is now generally spoken of as "The teaching service of the church." Perhaps the ideal definition would be "The service of the church in which the Word of

God is taught." To make this definition true might call for some marked changes in our present day practice. If it is to be a "Service of the church" all church members, unless providentially hindered, ought to be present and take part in the service. It would also become necessary that all those taking part in the Sunday School should "Study the Word of God," not simply look over a Lesson Paper or Quarterly. What do we find to be the conditions at present. In our own Association we report a church membership of 8178 and a total Sunday School enrollment of 4991. The regular attendance is perhaps more than two-thirds of this number, or 3328. Of the number in regular attendance not over two-thirds. probably not over one-half, are church members. Thus we see that only about 2220 of our membership, less than 30 per cent, are in regular attendance on the service of the church which is, or should be, devoted to the study of God's Word. While we rejoice at the number of non-church members that attend our Sunday Schools. we may well deplore the sad lack of attendance on the part of so many of our members. Of those who do go perhaps not more than one out of five, teachers and pupils alike, ever use the Bible in either study or recitation. We are glad to believe that our church leaders are alive to these deplorable conditions, and that a number of plans are already in operation to remedy them.

The grading of the School aims to offer a place for and meet the mental and spiritual needs of pupils of all ages. The organized class creates interest and enlists the efforts of the grown-ups as well as of the children. The lessons are being so arranged as to call for more real Bible study. This is especially true of the Graded Lesson Series. Our Sunday School Board has arranged a well worked out system of Teacher Training intended to greatly improve the teaching part of the Sunday School service; and more and more are our teachers, actual and prospective, taking advan-

tage of this course of study.

The Home Department is intended to secure the interest and co-operation of such as cannot well attend the Sunday School service at the place of worship.

We wish most earnestly to recommend these plans for improvement to the Pastors and Sunday School leaders in our var-

ious churches.

REPORT ON STATE MISSIONS

At our State Convention last year, a debt of \$4,825.92 was reported by our State Mission Board. The first time, for several years, that the Board has closed its books with a debt. We might assign various causes for this debt, but that would do no good, for we are not discussing theories, but facing a serious condition. Let us therefore seek to eliminate hindering causes in the future and meet this demand of the present hour in such a manner as becometh the servants of God.

State Missions Fundamental

It seems to me unnecessary to again discuss the basil principals of State Missions. All thinking people must admit that we will always need the work of the State Mission Board, I do not mean by this to sound a pessimistic note, for so long as we have so large a part of our adult population unevangelized (now about 60 per cent) and a much larger per cent of our church members un-enlisted, doing practically nothing for the advancement of our Master's Kingdom, we surely can-not dispense with State Missions. More than this, our efficiency for all the work of the Kingdom, at home and abroad, depends entirely upon the strength and development of the local church, the Association and the State. And as yet, North Carolina is a "White harvest field" for evangelization and enlistment.

Nothing can be accomplished in any line of endeavor without

some force or power behind it to make it go. A nation is no strong er than its home resources, and can not help or harm beyond these limits. Neither can we as a body of christians preach the Gospel to the whole world, until we have strengthened ourselves for this mighty task by the thorough evangelization and development of the home land. We can not send to others which we do not ourselves possess.

What are we going to do? The call of the State Missions is upon us. Will we rise up in the strength of the Lord and pay this debt and carry forward the work of State Missions, or will we offer excuses and talk of the war and the price of cotton? May it not be that war and the price of cotton are results of somebody's negleet of the things of the Kingdom of God. Is it not dangerous for us to offer these things as excuses for not paying our vows unto the Lord. Who knoweth but these things are God's tests for us to show the world whether or not we will be true to Him. How will we stand the test? Was it Ahab or Elijah that was troubling Israel? 1 Kings 17:17. Let us learn to make distinctions. Is the war and its consequent disturbances in all the world a cause for diminishing our gifts to God, or is it a reason for increasing them? Brethren, let us search the scriptures and see if wars, famines, pestilences etc., instead of furnishing us excuses for not giving to the Kingdom of God, are God's messengers to us, pointing out to us that we have been disobedient to Him. Amos 4:6 11. Mal. 3:8-12.

ANNUAL REPORT BOARD OF TRUESTEES OF THE BOILING

SPRINGS HIGH SCHOOL

To the Kings Mountain and Sandy Run Baptist Associations:

With profound gratitude to our Heavenly Father for His abundant blessings in the past, the Board of Trustees of the Boiling Springs High School hereby submits its eighth annual report.

Owing to the unsettled financial conditions that prevail

throughout the country at the beginning of the last scholastic year, your Board experienced great uneasiness as to the effect that it would have on our school but we are pleased to report that our fears were unfounded. The general progress that has been noted in former reports was still more marked along all lines last year. The sphere of usefulness of our school is rapidly widening; its copularity among friends of education everywhere is growing; and its future is radiant with hope. Year by year the churches of these two great Associations are becoming more loyal school-their own offspring-an institution that owes its life and vitality to them. True a few of these churches have not yet availed themselves of the opportunities here offered for training Christian workers, but these will soon be in line. Located in the midst of a predominantly Baptist country, with a faculty unsurpassed in qualification and experience, by any other secondary school in the State, with the latest equipment in all lines, your Board asserts .without fear of contradiction, that this school stands without a peer in its field. No other agency is doing more for the growth and development of the Baptist denomination in particular and Chrstianity in general than the system of secondary schools and colleges controlled by the denomination. We heartily commend the Educational Board established by our Baptist State Convention last year which is headed by our beloved brother, Dr. R. T. Vann. who has done so much for the education of the womanhood of the State.

The total enrollment for year ending in April last was 234. The total cost of operating the school last year, including the boarding department, was \$10,349.35. The average cost of board last year was \$6.04 per month. The acounts yet due wil cover all running expenses of last year.

Your Board adhers to its well established rule to employ only teachers who are graduates of reputable colleges. It means more expense but it gives tone and efficiency to the school that nothing clse will.

Only three changes were made in the faculty for the present term. Miss Ethel Wofford, A. B., of Limestone College, succeeds Miss Nell Sholar in the Primary Department and Miss Pat Walser, B. M., Peace Institute and Peabody Conservatory of Music, Cincinnatti, Ohio, succeeds Miss Margaret C. Radcliffe as Director of Music Department. Mrs. Lillian M. Ritch, formerly of Woman's College, Columbia, S. C., succeeds Miss Rosa Kirby as Matron and Inspector of Boys' Dormitory. These have proven themselves to be most worthy additions to our faculty. We are fortunate in retaining the following who have so faithfully and suc-

cessfully served us in the past: Prof. J. D. Huggins, Principal; Miss Etta Curtis, Lady Principal; Prof. O. P. Hamrick, Bursar and Department of English; Mrs. J. D. Huggins, Department of History; Rev. T. C. Holland, Bible Department; Miss Euzelia Hamrick, Department of Latin; and Miss Euphemia Watson, Department of Art.

Our new Matron fully understands how to practice economy with the maximum of efficiency. This is fully demonstrated by the fact that she furnished good board the first month of the present term at a total cost of \$5.90 per student, including salary of Matron, cooks, and helpers.

Early in the recent vacation, our popular and efficient principal, Prof. J. D. Huggins, became critically ill from the recurrence of an old affliction and was forced to spend several weeks in a Hospital and to have his right leg amputated above the knee. We are happy to report that he has so far recovered that has resumed school duties. His affliction prevented his doing his usual amount of traveling for the School during vacation, but through the faculty, our territory was largely covered and as a result of this, and the assistance from other sources, a large attendance is reported.

Through the untiring and persistent efforts of our popular and layol Lady Principal, Miss Etta Curtis, assisted by other friends of the school, two much-needed modern improvements are being installed in the Main Building. The first is a complete system of Water Works with a 1500 gallon iron compressed air tank and with a large concrete septic tank more than 300 feet from the rear of building. The funds for this improvement were obtained by popular subscriptions. The total cost of this plant will approximate \$900.00 and there is a deficiency of about \$300.00 in the hands of Miss Curtis for this purpose. Your Board, as such, has assumed no part of the cost of this improvement.

The second improvement is a Steam Heating Plant for the Main Buliding which is nearing completion and will cost \$2,224.00. The Gastonia Plumbing and Heating Company has the contract. The funds for this purpose were furinshed by the following faithful friends of the school: E. B. Hamrick, Dr. J. W. Wood, S. B. Turner, Wiley Hamrick, Carme Elam, O. P. Hamrick, and Geo. P. Glenn. Your Board made the following contract with these gentlemen: The title to the Heating Plant shall vest in them till such time as the Board shall be able to and shall elect to buy the plant at actual first cost. The Board is to operate the plant, keep it in repair, and keep it insured all at its own expense. The Board is to collect rental for the heat furnished and to pay the investors an

annual dividend of 8 per cent. The Board hopes, by the saving in cost of operation of present plant over old system of heating, to accumulate a sinking fund with which to buy in the Heating Plant within a few years. Plans are also on foot by which your Board hopes to install a Heating Plant in the Boy's Dormitory also before cold weather. The plans in view are similar to those hereinabove stated for the Main Building.

The walls of the interior of the Main Building have recently been treated to a new coat of calcamine.

Your Board again calls your attention to the following muchneeded improvements: (1) Painting of buildings interior and exterior. (2) Additional furniture for Recitation Rooms and Auditorium. (3)) Additional books and periodicals for library and reading room. (4) As early as possible, an enlargement of the Boys' Dormitory.

May we not hope that God will put it in the hearts of some of our good people, as individuals, to make some of these and other improvements that will be needed from time to time or to provide for same in their wills?

At the request of this Board, the two Associations last year secured additional subscriptions that were thought ample, with the unpaid part of the subscriptions taken in the great canvass of 1912, to liquidate in full the old building indebtedness against our school. Owing to financial condition that prevailed in our territory last fall and winter, a large part of the subscriptions have not yet been paid. t is the hope of the Board that these subscriptions, with interest thereon to date, will be paid this fall. If so, all will be well. The remainder of this indebtedness is being carried by one of the loyal members of our Board, Bro. L. S. Hamrick. It is hoped that the brethren will reward his kindness by an early payment of their subscriptions.

Your plant at Boiling Springs, including lands, buildings, and equipment, is worth approximately \$40,000.

Your school opens wide its doors to ministerial students who are required to pay no tuition. They are a noble set of Christian young men who have a healthy influence over other young men. It is to be hoped that both Associations will ever make ministerial education in this school one of the regular objects of contribution, as this is the only way that the School can be made self-sustaining without placing our rates for tuition too high. We heartly commend the noble act of Rev. Wade D. Bostic, Missionary to China, who, some two years ago, began contributing \$30.00 a year for a period of four years to Ministerial Education in this school in return for free tuition given him while at Wake Forest. It is his de-

sire that the ministerial students that go out from us, when they get into the active ministry, follow his example.

The last graduating class contained eighteen members, the largest in the history of the school. The first class contained only six. The six classes so far sent out aggregated sixty-eight, while several hundred others here laid foundations broad and deep for useful manhood and womanhood. We point with pride to the high standard made by our students in the leading colleges and universities of the country and to their success in all lines of endeavor.

The terms of the following members of this Board expire this year, leaving vacancies to be filled as follows, to-wit: Kings Mountain Association—T. P. Hamrick, B. T. Falls, J. H. Quinn, G. H. Logan, and J. Y. Irvin. Sandy Run Association—J. J. Edwards, D. M. Harrill, W. A. Martin, G. B. Pruett, and Rev. J. G. Graham. We are pleased to report that the attendance of the members upon our meetings this year have been better than usual.

The Insurance on our property will expire November 27th. We are now carrying \$12,000 but the Board advises an increase of \$2,000, at least, on account of recent improvements. We can save one year's premium by insuring for three years. The maximum premium on \$14,000 for three years will be \$308.00, but we are making an effort to have some reduction made in rates on account of improvements made. Your Board has found it impossible, so far, to provide for this item of expense from the income of the school and must, therefore, ask the Association at this term to provide for this item.

The following extract from the Principal's latest report to this Board presents the present status of the school:

"It is my privilege to inform you that your school is, at present, in splendid condition. The health of the student body is extremely good. Never before has the student body, as a whole, shown a greater tendency to respect the regulation and to apply themselves better to their studies.

"The present large enrollment is a splendid compliment from the public to last year's success as well as to the splendid work done this summer.

"The outlook is that we shall this year equal or surpass the enrollment of other years. If we satisfy the public this year, our future is bright indeed.

"The total enrollment to date this term is as follows: Boys 107, and girls 98, making a toal of 205. These are classified as follows Preparatory 42, Freshmen 77, Sophomores 37, Juniors 22, and Seniors 27. There are 25 Music Students, 8 Art Students, and 11 Ministerial Students.

"In our student body are represented 60 churches, 3 States—North Carolina, South Carolina, and Georgia, and a total of 19 counties in these three States, against 15 counties last year. While our attendance from North Carolina is much larger than from South Carolina, we have the same number of counties (9) represented from the latter that we have from the former.

"To determine the influence that bring students to us, we have made inquiry of 51 new students with the following result: 10 were influenced to come to us by pastors, 20 by old students, 19

by teachers canvassing, and 2 by advertising."

The Board, appreciating the power for good exercised by the ministry, specifically appointed each minister in the two Associations as an agent for the school to represent its interest at all times and placed in the hands of each a copy of our latest catalogue that he may be able to impart any knowledge necessary relative to the school. Already the fruits of their influence can plainly be seen in increased attendance. May their influence ever continue to grow!

The supreme importance of Christianity in the intellectual development of the youth has ever been stressed by your school. Special cmphasis is placed on the Bible Department which is in charge of Rev. T. C. Holland, pastor of the Boiling Springs Baptist Church. This department made great progress during the last year. All students are required to attend church and Sunday School each Sunday. The Student body maintains a Y. M. C. A. and a Y. W. C. A. There is also a weekly prayer meeting and a B. Y. P. U. at the church which all students have an opportunity to attend. School opens with devotional exercises each morning and all students are required to attend.

Respectfully submitted,

J. H. QUINN, Chairman Board.

Brother T. C. Holland read the following REPORT ON EDUCATION

It is written "The tools to him that can handle them." Since this is evident, it behoves us to prepare to use or handle, what shall be given us, to best advantage. One of the greatest tools in our day is that known as Christian Education. Which great in the state is absolutely indispensable to the denomination's life, since without it the denomination would be powerless to defend itself. If we would defend ourselves at home and win the lost ones to Christ, we must employ the means found in the scriptures and taught in our schools. While Education is not the supreme object of life, it is our most useful tool or a fearful enemy.

The Baptists have sixteen High Schools and three Colleges in North Carolina involving a responsibility and expense second only to the State. This is a heavy expense, since equipment and teaching must be equal to the best in other institutions. The people have learned the value of Christian Education, as is evident from these well attended schools, while it seems some have not realized that our only source is the liberality of the people. We must stand ready at all times to help these institutions or see their work greatly hindered. As long as we can do for the students what the State does our schools will grow in popularity. There is no reason why our schools should not strive to teach all branches. When the time comes your Committee will gladly recommend that the useful as well as the fine art be taught in our schools. And why not in our Colleges, Educate farmers and mechanics as well as lawyers and doctors. If it is well advised to educate teachers and business men, in denominational institutions, why not prepare to teach for complete living, educating all classes for all occupations.

Wake Forest College has opened with a larger enrollment than usual. Dr. Poteat says: "The so called hard times drives young men to College instead of driving them away." Meredith College is continuing her usual good work with President Brewer at the helm. This institution is teaching the liberal as well as the fine art. Chowan College is making progress under President Lineberry. But most heartily would your Committee commend our secondary schools for the traininy of our boys and girls for complete living. In this field our first duty is to the Boiling Springs High School. This school has the largest enrollment, up to date, in its entire history. This your school tries to uphold the ideal of service. Among our students, in the near future, we are to provide tuition for eleven Ministerial Students which will require a

slight raise in our work, the Board of Education. As servants of Christ it is our duty to help these men and see that our school may run unhindered. A young man called to preach should have not only his tuition, but his board as well, if he has not the money to pay. Our age demands intelligence of the Minister, and we must help him not to disappoint the people in that respect, and this is a part of the High School work.

Your Committee would most heartily recommend all these institutions to the people. And for such institutions we bespeak a most hearty support from the people. Give your children a chance to learn science and art along with the Christ, as He is taught in these institutions. And again as you remember the needs of the Kingdom, do not forget that obligation you sustain to Education, which takes a person from the lowest depth to the loftiest heights as a Christian citizen.

Brother B. T. Falls read the following

REPORT ON WOMAN'S WORK

The Woman's Missionary Union has won a place in the work of the Baptist denomination by its good works and a life of usefulness. The past year marks the 28th anniversary of the North Carolina Woman's Missionary Union. In this period the contributions have increased from \$1000.95 in 1886 to \$48,832.53 in 1915;

the number of societies from 17 to 1162 with an approximate membership of 28,000. During nearly all these years Miss Fannie E. S. Heck was President. Her recent death has brought sorrow and sadness to the hearts of thousands of loyal Baptists throughout the brotherhood in this and other states, who are imploring God to raise up or point out to them another leader who will lead the hosts to accomplish greater things for the Kingdom.

The Kings Mountain Woman's Missionary Union is making progress. There are 31 active societies in 16 churches. Sixteen of these are striving for spiritual growth of their members as well as to send the gospel to foreign fields. Eleven are Sunbeams where children are trained for future service; three are Young Women's Auxiliaries where young women are trained to take the places of Womon's Missionary Societies within a few years. Already two members have definitely offered their services on the foreign field wheresoever God should send them, and another is seriously considering it. Another of the societies is the Royal Ambassadors for the boys, which has outgrown the Sunbeams, the object of which is to train the boys for service in the churches.

The contributions last year amounted to \$813.85 with a total membership of 796 or an average of \$1.02 per member. The work of enlisting the women and children of each church in the Association is a mammoth task in which the societies earnestly implores the co-operation of the pastors especially and the entire brotherhood in general. This is a task well worthy of the best efforts of the entire brotherhood. Recognizing first the need of information along missionary lines of Christian endeavor for men as well as women. The societies recommend that one Fifth Sunday Meeting in each year be given over to a definite Missionary Program.

In the absence of Brother I. D. Harrill, Brother J. D. Bridges read the following

REPORT ON ORPHANAGE

Our Orphanage is the keystone in the arch of Christian service. If this stone is properly placed all the others in the arch will hold firm; if it is improperly placed the whole structure is in danger

Love for the Orphanage among our brethren is intense but not universal. The great need is to lay upon the heart of every church and Sunday school the Orphanage obligation. If this consummation is ever reached the problem for ample support for the institution will be solved.

Owing to the large advance that has been made within the past year the Orphanage is heavily in debt. This brings the unpleasant necessity of making a large outlay for interest or borrowed money, which goes to banks instead of to the children. This ought not so to be. We are abundantly able to pay every dollar the institution owes this year, and if able, we ought to be willing.

It is proposed to our people that the income of one day be sacredly set aside, at or near Thanksgiving day, and devoted to the Orphanage. If this would seize the hearts of our people, and every man, woman and child would enter heartily into this loving service, every dollar of debt would be wiped out, and the institution would be free from the bondage that now hampers its work and curtails its usefulness.

We earnestly urge every member of the churches of this Association to join this "work day" movement and give the proceeds of one day's labor or income to the Orphanage. We may do more but we should not do less.

Every Sunday school ought to set aside one Sunday in each month as Orphanage day and give the members an opportunity to make a contribution to the Orphanage. Only a little over one third of our Baptist Sunday schools are enrolled among this loyal band of monthly givers.

Every Sunday school ought to take a club of Charity & Children and an individual copy for pastors and homes that are not represented in the Sunday school. The paper is the right arm of the institution, and aside from the information and inspiration it furnishes, produces a good dividend for the support of the Orphanage.

During its thirty years of continued growth the institution has

sheltered and trained over 1600 boys and girls, who are now out in the state as teachers, preachers, doctors, printers, farmers, business men and fathers and mothers of happy homes. There are 9 in various colleges and about a dozen in the denominational high schools. The present number is 500—450 at Thomasville, 50 at Kennedy Home—with an average cost of \$113.28 per child or 31 cents the day, aggregating an annual cost of \$56,640.00.

Our Orphanage has been enlarged and still the task looms before us as just begun. We urge every member of this Association that they regard the Orphanage in larger terms as an opportunity unparallelled. This waiting door stands too wide for "same as last year" contributions to ever satisfy any working body of Baptists.

Your committee recommend:

1. A liberal Thanksgiving offering emphasizing the importance of "WORK DAY," giving not less than one day's labor or income to the Orphanage.

2. That every Sunday school will sacredly set apart the collection of one Sunday in each month for the support of the Orphanage.

3. That every Sunday school take a club of Charity and Children.

I. D. HARR'LL, G. M. BORDERS, G. W. HAMRICK,

Pending motion to adopt the foregoing report, Orphanage was discussed by Brother F. B. Hamrick, after which the report was adopted.

On motion the reading of the report on Home Missions was suspended.

Home Missions being discussed by Brother J. L. Kendrick.

REPORT ON HOME MISSIONS

Baptists in the South loved liberty of conscience so much that they suffered in Virginia repeated inprisonments for it and a contemptuous persecution by the State Church, which lasted through more than half a century. God honored this noble passion of our spiritual sires, and made it more influential than any other cause in bringing the blessing of religious liberty in America. The needs of our own day constitute a call to Southern Baptists to have a like

passionate love for lost men and women and for the growth of the new life which is in Christ.

"As goes America, so will go the World," has become almost an axiom among Christian statesmen. Never did the truth of this saying press home more forcibly to the hearts of thoughtful men than it does today. Most of the other so-called Christian nations of earth are doing their utmost to destroy each other, in the most colossal war which the world has ever seen. Never before was there so great a need that our concern for and support of Home Missions should be at concert pitch.

Christianizing America in our day is a task which has assumed almost tragic importance. It is an immense task. There are in America 50,000,000 persons of responsible age who make no profession of religious faith. In the South there are 18,000,000 such persons without religious faith.

Christianity has a better opportunity to day to transform society in the South than elsewhere in America or in the world. Of every 100 evangelical Christians in the South thirty-nine or forty are Baptists. In this section the Baptists of the world have their supreme opportunity to win men and save society. Here is the Baptist field for Home Missions and the opportunity to create the greatest Baptist base for World Missions.

We challenge Southern Baptists to rise to this opportunity. The Home Mission Board in Atlanta, Georgia, is the great central agency of the Southern Baptist Convention through which our peorle address themselves as a unit to the task of saving the South. This general agency at many points co-operates with and supplements the indispensable effort of the denomination in each State through State Missions. Our Home Board has the distinction of being by far the most successful Home Mission Board in America, when the number of souls won to Christ by its workers is taken as the standard of comparison. The Home Mission reported 38,-000 baptisms by its workers last year. The next largest number of baptisms reported by a Home Mission agency was 10,000 by the Home Mission Society of Northern Baptists. Of this large number of baptisms 17,000 were creditable to co-operating agencies. but 21,000 were creditable directly to Home Mission endeavor. The dollar given to Baptist Missions in the South reaches a larger harvest in souls than any other mission dollar spent in America.

Besides its great work in Evangelistic Missions, the Home Board is conducting a splendid activity in Intentive Missions, developing the Christ-life which was implanted at conversion. Both in its great system of mountain and other schools and in the Enlistment work among undeveloped churches, the Board is doing a great service, looking to the enlargement and enlistment of our thousands of non-cooperating churches. The brethren of these churches have with us the sweet fellowship that is in a common faith in Christ, the Savior. May we become so enlarged in the spirit of love that we shall seek in loving helpfulness to bring them into that larger fellowship which we have in cooperative service to win the world to Christ.

The Home Board helps to maintain missionary pastors in cooperation with various State agencies; engages in work among the negroes; is undertaking a great work for Church Extension; conducts foreigner mission schools and foreigner port and pastoral work; conducts a great system of mission schools for Highlanders; has instituted a most inspiring work of Enlistment in co-operaton with State agencies; has the most successful Evangelistic Department possesed by any domestic missionary agency in America; preaches the gospel to the Indians in Oklahoma; does a notably successful work in Cuba and Panama.

We earnestly commend to our churches the support of the great work of Home Missions. The intense appeal of secular interests and of pleasure in our modern industrial civilization, call for an increased effort to turn and hold the faces and hearts of men toward the heavenly city. In all our churches we should carry the work of the Home Mission Board on our hearts in prayer to God and should give freely to the support of this great work.

- 1. We recommend that our churches be encouraged to make a larger use of the Home Mission tracts issued free by the Home Mission Board, and that study classes be formed in the Board's study class book, "Baptist Home Missions."
- 2. We urge that larger effort be made in the churches to get clubs of subscribers to THE HOME FIELD. It is a splendid magazine about the on-going of the Kingdom of Christ in the South and the Baptist effort to support Home Missions. It is a distressing and lamentable situation that only one Baptist preacher in five get this magazine, which is only 25c a year in clubs of five or more. Sample copies gladly sent to any Baptist who will write for them.
 - 3. The Home Board furnishes for 50c a set of five large wall

charts suitable for the church. If these charts were in the churches of the Association they would do a great deal to teach what Home Mission work is.

We your committee urge that more stress be put upon this

worthy part of our work. We would furthermore recommend that each church send a contribution at least once each year for this object.

REPORT ON FOREIGN MISSIONS

Our foreign mission enterprise is an effort on our part to execute the Lord's command, to "Go into al the world and disciple

all the nations." Now, while we have not been entirely disobedient to our "Marching Orders," we have barely begun to touch the stupendous task. Our triumphs, hitherto, represent only the work of the few in behalf of the many, and that work has been done on but a part of the mission territory. There is yet un-occupied territory representing 119,000,000 of the people to whom the gospel has not been preached. And even where the Gospel has been preached there are so few missionaries to preach it that but one in ten have heard it.

So, as the church of Christ, we must have more adequate plans; our plans should be adequate in scope, thoroughness strategy. In scope our work represents sowing in patches rather than broadcast. Through lack of thoroughness, because ill-considered and careless plans, we have spread rather of an imperfect type of Christianity. We need missionary statesmen pastors of our churches, as officers of our boards, and as missionaries on the field, for these three stragetic points hold the As to the use of strategy in our work, we key to the situation. need to emphasize certain places and peoples on the foreign field. such as China, for through such a vast Empire of people characterized by such developement physically and mentally, we can more easily evangelize all other people. Today, as never before, there rings out an irrestable call to us to carry the Gospel to all the world. The fields are ready for reaping, and unless we thrust in our sickles NOW, the harvest will be past, and millions of heathen The work of the missionary hitherto has largely been that of tunneling mountains, constructing reservoirs, cutting canals, etc. It has been that of training, organizing and scouting, but now it is high time for effective advancing, for turning in the streams of Everlasting Life on these age-long deserts.. If we do not rise to our present opportunities, the are GONE forever. The only thing that will save our churches from the imminent peril of luxury and materialism is to put forth their energy in saving the world. We need a supreme world-purpose to meet this gigantic task for this decisive hour. The church must USE or LOSE this opportunity.

The Foreign Mission Board, located at Richmond, Virginia, composed of eighteen local members and eighteen state members representing each state in co-operation with the Southern Baptist Convention, is conducting work in Italy, Brazil, Mexico, Argentina, China, Japan and Africa. In these fields the missionaries reported last year 382 churches with 819 out-stations, 33,548 church members, 442 Sunday Schools with 23,959 scholars and 8,833 students in mission schools, 384 of whom are in theological seminaries and training schools preparing to preach the gospel to their own people.

There are 300 missionaries on the fields, 20 of whom were sent out during the past year, and a total of 651 native workers. Notwithstanding difficult conditions on many of the fields caused by the European war and the injury to the work in Mexico from chaotic political conditions in that country, 5,190 baptisms were reported during the year.

The distressing financial conditions throughout the South created by the war in Europe caused a falling off in contributions to foreign missions last year. Many of the churches made heroic and sacrificial efforts but some of them were not able to keep up their usual contributions. This will make it more difficult for us to maintain the work this year unless God's people meet the situation in a still more heroic spirit. The Convention in Houston asked for an apportionment of \$624,000 for foreign missions this year. Every dollar of it will be needed to carry on the work successfully. Our supreme task now should be the raising of the apportionment as a minimum in every association and every state. We should not for a moment think of anything less, and we must do more than this if possible.

We therefore recommend.

- 1. That we as an Association undertake to raise for foreign missions our full proportion of the above sum; that this amount be divided among the churches on an equitable basis; that we earnestly urge the churches to contribute the amount asked of them; that each church inaugurate a plan of systematic weekly or monthly giving and remitting for this cause so that the work may be taken care of and debt and interest payments may be avoided.
- 2. That each pastor in the Association appoint a Committee in each church of which he is pastor to canvass the membership with a view to securing a subscription to the Foreign Mission Journal in every Baptist family within our bounds, so that our people may be more fully informed as to our world-wide work.

Respectfully submitted,

L. W. SWOPE

Comments

At this session of the Association, large crowds were in attendance on each day. The weather being perfect, in fact we could not have asked for more perfect days in which to hold the sessions, and the reports and speeches being such as to make it an interesting and enjoyable occasion.

Too much praise cannot be given the good people of New Hope, for the princely manner in which they entertained the Visitors and Delegates of the Association. It seemed to us that every member of the church made a specialty of seeing to the treatment and entertainment of the "Stranger Within the Gate." Our only hope is: That you enjoyed our being with you, only a part of how we enjoyed being with you.

May God's richest blessings be upon all who in any way contributed to the success of the occasion.
